To Whom it May Concern,

I believe that the increase to our water rates will force me to move to another town as I will not be able to pay my rates. I am a single mum that has worked 2 jobs all my life to buy my house in MT Larcom, and this increase is too much for me to pay. This town is my home and my children's home, please do not force me to leave my dream. The people reading this ~~letter~~ have their home's and are living their dream.  
Come on fair go.

Yours faithfully.  
Rebecca Bridges
