FY19 Capital Expenditure – Amendment

19 December 2019

Dear George,

Aurizon Network submitted its Capital Expenditure claim for the financial year July 2018 to June 2019 (**FY19**), in October 2019. The aim of the annual Capital Expenditure claim is to seek QCA approval to include invested capital in the Regulatory Asset Base for recovery via coal access tariffs. The QCA assess Aurizon Network's Capital Expenditure claim for prudence and efficiency as detailed at clause 2 of Schedule E of the 2017 Access Undertaking (**UT5**).

On 16 December 2019, correspondence received from the QCA staff sought clarification as to why project "IV.00577 East End Fisherman's Landing Infrastructure Upgrade" (**Project**) had been included in the FY19 Capital Expenditure claim.

Aurizon Network has reviewed the Investment Approval Request (**IAR**) for the Project in detail and identified that the entire scope of works was completed on customer-specific infrastructure. In this instance, the customer-specific infrastructure will be utilised for non-coal access and accordingly, the capital expenditure for the Project should not be included in the Regulatory Asset Base (**RAB**). Aurizon Network has amended the FY19 Capital Expenditure claim to remove this Project from consideration.

Aurizon Network has completed a further review of all remaining projects within the FY19 Capital Expenditure Project Listing and can confirm that these projects are appropriate for the QCA to consider for inclusion in the RAB.

Aurizon Network is currently implementing additional controls in its internal processes to ensure this does not happen again.

To support the amended FY19 Capital Expenditure claim, please refer to Appendix A attached which outlines the amended FY19 Capital Expenditure Project Listing and their corresponding amounts, pre-escalation.
