

Queensland Rail's 2025 draft access undertaking

22 February 2024

Request for further submissions

We received 9 submissions in response to Queensland Rail's 2025 draft access undertaking (DAU), and published them on our [website](#).

Several of those submissions raised matters in addition to those that were discussed by Queensland Rail in the explanatory material it submitted to accompany the 2025 DAU.

We are offering stakeholders, including Queensland Rail, a further three weeks to comment on those new matters. These responsive submissions are due by **Thursday 14 March 2024**.

We encourage parties to focus on matters they have not already addressed. They may also wish to provide further evidence to support or oppose proposals. There is no need to repeat arguments made in the initial submissions on the 2025 DAU.

We are particularly interested in proposals for specific provisions stakeholders consider would address issues in the 2025 DAU and are appropriate for us to approve, having regard to the criteria in section 138(2) of the *Queensland Competition Authority Act 1997*. Stakeholders may wish to address these criteria in their comments.

Submissions

Closing date for submissions: 14 March 2024

Public involvement is an important element of our decision-making processes. Therefore, we invite submissions from interested parties. We will take account of all submissions received within the stated timeframes. Submissions, comments or inquiries regarding this paper should be directed to:

Confidentiality

In the interests of transparency, and to promote informed consultation, we intend to make all submissions publicly available. However, if a person making a submission believes that information in it is confidential, they should claim confidentiality over the relevant information (and state the basis for that claim). We will assess confidentiality claims in accordance with the QCA Act. Among other things, we will assess if disclosure of the relevant information is likely to damage a person's commercial activities, and we will consider the public interest.

Claims for confidentiality should be clearly noted on the front page of a submission, and relevant sections of the submission marked as confidential. The submission should also be provided in both redacted and unredacted versions. In the redacted version, all information claimed as confidential should be removed or hidden. In the unredacted version, all information should be exposed and visible. These measures will make it easier for us to make the remainder of the document publicly available. A confidentiality claim template is available at www.qca.org.au/submission-policy/

The template gives guidance on the type of information that may help us to assess a confidentiality claim. We encourage stakeholders to use this template when making confidentiality claims.

Public access to submissions

Subject to any confidentiality constraints, submissions will be available for public inspection at our Brisbane office or on our website at www.qca.org.au/. If you experience any difficulty gaining access to documents, please contact us on **07 3222 0555**.
