QLD COMPETITION AUTHORITY

Dear Sir/Madam,

As a resident of Mt. Larcom for the past 50 years, I take strong objection to the proposed water charges by the Gladstone Area Water Board. I am an 87 year old pensioner and a charge of \$8.69 per kilo-litre is prohibitive on my budget.

I believe that the State Government must be responsible for the activities of the Qld. Competition Authority and therefore see that all Queensland Residents are treated fairly and equally in the matter of water supply. Water is the source of all life and where it is supplied via a government authority, should be affordable to every resident in that particular area.

This proposal is grossly unfair and I would like further information and FACTS as to the real reasons behind it.

Yours Truly,
Lyle Robinson
