I believe it is the intention of the
 Old Competition Authority to raise the water charges
 in Mt Larcom area to \$8-69 KL which is ridiculous
 & unaffordable to the Mt Larcom residents.

We the residents of Mt Larcom want
 to know why we are being singled out - as Old
 Cement East End mine have payed for the water pipe
 line from Yarrum to Mt Larcom

We feel that the revaluation of our
 homes will go down by 50% we feel that you would
 then have to pay us compensate for the loss of value to
 our homes.

I feel that the price of water of
 \$4.011 per 378 KL is unaffordable at this price we would
 have no option but to discount from the water supply +
 install tanks

If you go ahead with this plan it
 is setting Mt Larcom back 50 years & no citizen of Qld
 should be treated this way. We feel second class citizens
 we deserve better living conditions that you will force
 us into and I am very stressed & upset at any body
 being forced to live like this with unaffordable water.

Yours faithfully
 Shirley Zeimer.
